

## CAPABILITIES STATEMENT

[www.praxis-center.com](http://www.praxis-center.com)

The Praxis Center, located in Butte, MT, is the nation's first dedicated healthcare simulation training center focused specifically on the needs of rural healthcare practitioners (doctors, nurses, mid-level providers, ultrasonographers, EMS, US Military medical personnel, etc.) including those in the VA and Indian Health Services (HIS). With a multi-disciplinary training curriculum targeting healthcare providers and educators, the Praxis Center fills a significant simulation training gap that currently exists in the U.S. and Canada. The Praxis Center offers both online and on-site learning strategies that drive best practice in patient and caregiver safety and quality.
